\* At iGin

- **Fixed Price:** This budget has a fixed price. In some cases provided by medical prescription, a service and / or additional evidence not included in the budget may be necessary, which you will be informed in advance.
- If you need additional stimulations (oocyte accumulation), each stack will have an additional amount of € 2 230.
- **Validity:** The validity of this budget is 6 months from the date of visit.
- **Medication:** By law, the medication is not included and is borne by the patient.
- **Cancellation by the patient:** In case of cancellation of treatment, the patient must pay the costs incurred until the stopping of such treatment.
- **After the first 2 years from the oocyte freezing:** The patient must decide whether to allocate the oocytes to any legally authorised applications, or, if instead to pay the oocyte maintenance fee. Which is the amount of € 210 per year.
